

# ENGLISH LANGUAGE

## LEVEL A2

Develop everyday independence and connected simple discourse

### Junior BOOTO WABA

Professeur de Français Langue Étrangère (FLE) et de Français Langue Seconde (FLS)  
Spécialiste en prononciation, en lecture et en didactique de la langue française

**CEFR-Based English Language Curriculum Designer**

Curriculum structure • authentic tasks • projects • differentiation • assessment • portfolio

From predictable exchanges to practical autonomy

*Framework note: proficiency progression is grounded in the CEFR-level document supplied by the user. English-specific grammar, phonology, lexical sequencing and tasks are a pedagogical adaptation created for English.*

## Pedagogical vision - Level A2

A practical level centred on handling everyday situations, narrating simple experiences and making plans with growing independence.

### 1. Exit profile

By the end of A2, the learner can understand short, clear messages on familiar matters; find relevant information in everyday texts; manage routine transactions; describe people, living conditions, studies, work and experiences; narrate simple past events; and write connected sequences of short sentences about familiar topics.

### 2. Core competence targets

- Reception: understand short personal correspondence, notices, routine instructions, simple factual articles and the main point of clear everyday audio/video.
- Production: write connected simple texts and speak in short sequences about routines, places, experiences, preferences and plans.
- Interaction: manage travel, shopping, appointments, invitations, suggestions, requests, basic complaints and exchanges of practical information.
- Mediation: relay key details from a schedule, menu, notice, message or short text and summarise a simple experience for another person.
- Language control: use a broader range of tense contrasts, modal expressions, pronouns, comparison and discourse markers with understandable accuracy.

### 3. Annual progression map

| Unit | Theme                                    | Main communicative goal                                                     | Signature performance                                        |
|------|------------------------------------------|-----------------------------------------------------------------------------|--------------------------------------------------------------|
| 1    | <b>Everyday Life in Motion</b>           | Describe routines and contrast them with what is happening now or changing. | Produce a "My Week in Motion" vlog or infographic.           |
| 2    | <b>Trips, Memories and Stories</b>       | Tell a simple story and manage common travel situations.                    | Create a travel memory story with practical travel dialogue. |
| 3    | <b>Homes, Neighbourhoods and Choices</b> | Describe and compare homes, neighbourhoods and services.                    | Recommend the best home or neighbourhood for a profile.      |
| 4    | <b>Health, Rules and Advice</b>          | Describe common health problems, obligations and advice.                    | Create a practical wellbeing and safety guide.               |
| 5    | <b>Plans, Predictions and Decisions</b>  | Express plans, predictions, intentions and arrangements.                    | Plan a three-day event or weekend collaboratively.           |
| 6    | <b>Experiences and Connections</b>       | Talk about life experiences and connect ideas in longer simple discourse.   | Complete the A2 English-speaking travel project.             |

### 4. Pedagogical principles

- Action-oriented learning: every language focus is linked to a communicative purpose and a visible performance.
- Integrated skills: listening, reading, spoken interaction, spoken production, writing and mediation are combined rather than taught in isolation.
- Spiral progression: key structures and lexical fields reappear with greater complexity and independence.
- Pronunciation for intelligibility: accuracy is developed through rhythm, stress, connected speech and high-value contrasts, without requiring imitation of one single native accent.
- Evidence-based learning: portfolio artefacts, self-assessment and performance tasks document progress across the level.

# Unit 1 - Everyday Life in Motion

Routines, temporary situations and changing habits

|                        |                                                                                                                                                               |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Communicative outcomes | Describe routines and temporary actions; compare weekday/weekend habits; arrange simple activities; explain what is changing in one's life.                   |
| Grammar & functions    | Present simple vs present continuous; adverbs of frequency; stative verbs (basic); object pronouns; possessive pronouns; adverbs of manner; time expressions. |
| Vocabulary             | Daily life, studies, chores, hobbies, digital habits, appointments, feelings, common collocations with make/do/go/have.                                       |
| Pronunciation          | Word stress in multi-syllable everyday words; schwa in unstressed syllables; third-person -s review; contrastive stress for routine vs now.                   |
| Integrated skills      | Read a weekly schedule; listen to two routines; conduct a survey; write a connected paragraph; report group findings.                                         |

## Learning sequence: tasks and classroom activities

- Routine vs "right now" photo prompts.
- Class habit survey and simple data report.
- Calendar negotiation: find a time everyone can meet.
- Listening for frequency and time details.
- Micro-vlog rehearsal with peer fluency feedback.

## Authentic performance task

**"My Week in Motion": 90-second vlog or infographic contrasting regular habits with current/temporary activities and one planned change.**

| Differentiation | Implementation                                                                                          |
|-----------------|---------------------------------------------------------------------------------------------------------|
| Support         | Verb-collocation bank, present tense comparison chart, guided survey questions and rehearsal checklist. |
| Expected level  | Use both present tenses appropriately in a connected description with basic linking.                    |
| Extension       | Explain reasons for changing habits and compare two people's routines using more varied adverbs.        |

## Evidence of learning

- I can distinguish routine from action happening now.
- I can describe habits with frequency expressions.
- I can arrange a simple meeting or activity.
- I can write a connected description of my week.

*Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.*

## Unit 2 - Trips, Memories and Stories

Narrate past events and describe what was happening

|                        |                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Communicative outcomes | Narrate a sequence of past events; describe background actions; ask for travel information; explain a simple problem while travelling.              |
| Grammar & functions    | Past simple regular/irregular; past continuous; when/while; past time markers; sequencing expressions; could for past ability/basic polite request. |
| Vocabulary             | Travel, transport, tickets, accommodation, directions, luggage, holiday activities, common travel problems, feelings.                               |
| Pronunciation          | Past -ed endings /t, d, ɪd/; weak forms of was/were; sentence stress in narrative sequencing; clear dates and times.                                |
| Integrated skills      | Read a travel blog; listen to announcements; retell a short event; role-play station/hotel problems; write a postcard/story.                        |

### Learning sequence: tasks and classroom activities

- Travel photo story sequencing.
- Announcement listening with departure boards.
- Lost luggage / missed train role-cards.
- Past simple irregular verb challenge.
- Partner retelling: listener checks who/where/when/what happened.

### Authentic performance task

**“A Trip I Remember”:** 120-word illustrated story plus a 6-8 turn travel-service dialogue showing problem and solution.

| Differentiation | Implementation                                                                                        |
|-----------------|-------------------------------------------------------------------------------------------------------|
| Support         | Story mountain, irregular verb bank, travel phrase cards, slow/normal audio options.                  |
| Expected level  | Narrate a clear sequence using past simple with some past continuous background.                      |
| Extension       | Include an unexpected event, emotions and more varied linking phrases; retell without written script. |

### Evidence of learning

- I can tell a simple story about a past experience.
- I can understand the main information in a travel announcement.
- I can ask for help in a common travel situation.
- I can use past simple and past continuous with basic control.

*Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.*

## Unit 3 - Homes, Neighbourhoods and Choices

Compare places and solve practical living problems

|                        |                                                                                                                                                       |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------|
| Communicative outcomes | Describe housing and local services; compare options; express quantity; explain advantages/disadvantages simply; make a practical recommendation.     |
| Grammar & functions    | Comparatives/superlatives; as...as; too/enough; much/many/a lot of/a few/a little; there is/are review; relative clauses with who/which/that (intro). |
| Vocabulary             | Housing, rooms, furniture, neighbourhood, facilities, city/country, rent/cost, adjectives for places, basic environmental quality.                    |
| Pronunciation          | Comparative endings; stress in adjective phrases; /θ/ and /ð/ consolidation; linking in "better_than / more_expensive_than".                          |
| Integrated skills      | Read rental listings; listen to housing preferences; compare options; write a recommendation; mediate key details from an advert.                     |

### Learning sequence: tasks and classroom activities

- Apartment advert jigsaw.
- Neighbourhood ranking with criteria cards.
- Information-gap map of local services.
- "Too expensive / not big enough" problem-solving.
- Mini-presentation recommending one option for a fictional client.

### Authentic performance task

**"Best Place for You": compare three homes/neighbourhoods and recommend one for a given profile, using at least four comparison structures.**

| Differentiation | Implementation                                                                                            |
|-----------------|-----------------------------------------------------------------------------------------------------------|
| Support         | Comparison sentence frames, adjective bank, colour-coded quantity chart and simplified property listings. |
| Expected level  | Clear comparison with reasons and an understandable recommendation.                                       |
| Extension       | Add budget trade-offs, relative clauses and counter-recommendations for another profile.                  |

### Evidence of learning

- I can compare people, places and objects.
- I can understand key information in simple housing adverts.
- I can express basic quantity and suitability.
- I can recommend an option and give simple reasons.

*Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.*

## Unit 4 - Health, Rules and Advice

Respond to problems and give practical guidance

|                        |                                                                                                                                        |
|------------------------|----------------------------------------------------------------------------------------------------------------------------------------|
| Communicative outcomes | Describe symptoms; ask for basic health help; give advice; explain rules/obligations; discuss consequences of simple choices.          |
| Grammar & functions    | Should/shouldn't; must/mustn't; have to/don't have to; can/can't; imperatives; first conditional; if/when + present; because/so.       |
| Vocabulary             | Body, symptoms, health, wellbeing, medicine basics, school/public rules, safety, habits, environment and responsibility.               |
| Pronunciation          | Weak forms of can/can't and have to; stress for prohibition vs advice; connected speech in should_you / have_to; clear negative forms. |
| Integrated skills      | Read rules/leaflets; listen to advice; role-play pharmacy/clinic; write guidance; discuss a simple scenario and consequences.          |

### Learning sequence: tasks and classroom activities

- Symptom-to-advice matching.
- Rule sorting: must / mustn't / don't have to.
- First-conditional consequence chain.
- Role-play: student and school nurse/pharmacist.
- Design a class "healthy week" checklist.

### Authentic performance task

**"Stay Well, Stay Safe": group guide with 8 recommendations/rules plus a short role-play responding to a realistic problem.**

| Differentiation | Implementation                                                                                  |
|-----------------|-------------------------------------------------------------------------------------------------|
| Support         | Symptom visuals, modal-function chart, first-conditional frames and prepared dialogue options.  |
| Expected level  | Give relevant advice and distinguish obligation, prohibition and absence of obligation.         |
| Extension       | Justify recommendations, compare alternatives and handle a follow-up complication in role-play. |

### Evidence of learning

- I can describe a common problem or symptom.
- I can give advice and explain basic rules.
- I can talk about likely consequences using if.
- I can understand a short notice, rule or health leaflet.

*Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.*

## Unit 5 - Plans, Predictions and Decisions

Organise the future and negotiate simple choices

|                        |                                                                                                                                                         |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Communicative outcomes | Discuss future plans; distinguish intention, arrangement and prediction; invite/suggest; accept/refuse; negotiate a simple group plan.                  |
| Grammar & functions    | Be going to; will/won't; present continuous for arrangements; may/might (basic possibility); let's/how about/why don't we; future time clauses (basic). |
| Vocabulary             | Events, holidays, travel, weather, entertainment, schedules, planning verbs, prediction language, decision-making phrases.                              |
| Pronunciation          | Contractions with will; going to in careful connected speech; stress to contrast plans and spontaneous decisions; intonation for suggestions.           |
| Integrated skills      | Read event listings; listen for plans; negotiate schedules; write invitation/confirmation; present a plan with reasons.                                 |

### Learning sequence: tasks and classroom activities

- Future-form sorting by communicative meaning.
- Group calendar challenge with conflicting preferences.
- Weather-based plan adjustment.
- Prediction cards: technology/life/school.
- Invitation chain: suggest, accept/refuse, propose alternative.

### Authentic performance task

**“Three-Day Plan”:** groups produce an itinerary and negotiate changes live when the teacher introduces a new constraint (weather, budget or timing).

| Differentiation | Implementation                                                                                        |
|-----------------|-------------------------------------------------------------------------------------------------------|
| Support         | Planning template, suggestion language strip, model itinerary and role cards.                         |
| Expected level  | Use at least two future forms and participate in a short negotiation.                                 |
| Extension       | Add possibilities with may/might and justify priorities; mediate a compromise between two classmates. |

### Evidence of learning

- I can talk about intentions, arrangements and simple predictions.
- I can make and respond to suggestions.
- I can write a simple invitation or confirmation.
- I can help organise a practical group plan.

*Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.*

## Unit 6 - Experiences and Connections

Link past experience with the present

|                        |                                                                                                                                                                                                     |
|------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Communicative outcomes | Ask/talk about life experiences; give recent updates; describe duration at a basic level; connect information with relative clauses; review the A2 toolkit.                                         |
| Grammar & functions    | Present perfect with ever/never/just/already/yet; have been/gone; for/since (intro); present perfect vs past simple (basic contrast); relative who/which/that; review of A2 tense and modal system. |
| Vocabulary             | Experiences, travel, achievements, culture, food, entertainment, personal goals, recent events, common participles.                                                                                 |
| Pronunciation          | Weak forms of have/has; sentence stress in experience questions; participle pronunciation; connected speech with already/yet.                                                                       |
| Integrated skills      | Read simple reviews; listen to experience interviews; interview classmates; write a short review; summarise what another person has experienced.                                                    |

### Learning sequence: tasks and classroom activities

- “Have you ever...?” mingle and follow-up past questions.
- Been vs gone mini-scenarios.
- Experience timeline: present perfect or past simple?
- Short review comparison and star-rating justification.
- Portfolio conference and A2 self-assessment.

### Authentic performance task

“Plan a Trip to an English-Speaking Country”: itinerary, accommodation, transport, budget, cultural activity, practical advice, written review sample and 2-minute oral pitch.

| Differentiation | Implementation                                                                                                |
|-----------------|---------------------------------------------------------------------------------------------------------------|
| Support         | Present-perfect timeline, participle list, travel planning template, research organiser and oral cue cards.   |
| Expected level  | Connect A2 structures in a coherent practical project and answer predictable questions.                       |
| Extension       | Include comparisons, contingency plans, previous experiences and spontaneous responses to audience questions. |

### Evidence of learning

- I can ask and answer about life experiences.
- I can distinguish a finished past time from an experience up to now.
- I can write a short connected review or travel text.
- I can combine A2 language to plan and explain a trip.

*Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.*

# Integrative project and assessment

Plan a Trip to an English-Speaking Country

## 1. Project brief

Students design a realistic short trip and demonstrate practical English for transport, accommodation, food, activities, budgeting, advice and social interaction. The project integrates research, mediation, speaking, writing and problem-solving.

## 2. Project stages

1. Choose an English-speaking destination and define the traveller profile.
2. Research transport, accommodation, activities and approximate costs using teacher-approved sources.
3. Create a three- to five-day itinerary and practical phrase bank.
4. Write one email/message and one short review or advice text.
5. Rehearse a two-minute persuasive pitch and a service role-play.
6. Present, respond to questions and complete an A2 "I can..." reflection.

## 3. Assessment architecture

| Assessment moment | Evidence                                                                                                                  |
|-------------------|---------------------------------------------------------------------------------------------------------------------------|
| Diagnostic        | Short A1 review task: personal information, routine, simple past/future sample and key listening/reading items.           |
| Formative         | Retrieval quizzes, mini role-plays, peer writing checks, pronunciation stations, listening logs and teacher conferencing. |
| Performance       | Narrative, housing recommendation, advice guide, future negotiation and experience interview.                             |
| Summative         | Integrated everyday scenario requiring reading/listening, a short connected text and oral interaction.                    |
| Portfolio         | Six unit products, corrected writing, one recorded interaction, vocabulary/pronunciation evidence and final trip project. |

## 4. Common performance rubric

| Criterion                | Observable evidence                                                                                    |
|--------------------------|--------------------------------------------------------------------------------------------------------|
| Task achievement         | Completes the communicative purpose and responds to all essential parts of the task.                   |
| Range & accuracy         | Uses level-appropriate grammar and vocabulary with errors that do not compromise the intended message. |
| Coherence                | Organises ideas with sequencing and linking appropriate to the level and genre.                        |
| Interaction / mediation  | Responds, clarifies, reformulates, supports turn-taking and/or relays information appropriately.       |
| Pronunciation / delivery | Speaks intelligibly, using progressively appropriate stress, rhythm and intonation.                    |

# Implementation guide

Resources, differentiation, routines and exit indicators

## 1. Recommended classroom resources

- Learner portfolio: diagnostic sample, drafts, corrected productions, recordings, project evidence and self-assessment.
- Dictionaries: visual/bilingual support at lower levels; increasingly monolingual, collocation and learner dictionaries from B1 upward.
- Coursebook: any institution-approved CEFR-aligned English coursebook; exact page numbers must be mapped after the school selects its edition.
- Worksheets: information gaps, reading/listening organisers, pronunciation grids, peer-feedback checklists, writing frames and reflection sheets.
- Authentic input: menus, maps, notices, websites, podcasts, interviews, short articles, videos and literature adapted to age and level.

## 2. Lesson routine

| Phase                | Pedagogical use                                                                                                           |
|----------------------|---------------------------------------------------------------------------------------------------------------------------|
| Opening              | Activate prior knowledge, retrieve previously learned language and connect it explicitly to the lesson purpose.           |
| Input                | Notice meaning and form through a short text, audio, image, model dialogue or teacher demonstration.                      |
| Guided practice      | Rehearse the target language with scaffolds, controlled interaction and pronunciation focus.                              |
| Main task            | Students use the language to solve a problem, exchange information, create a product or communicate a real message.       |
| Reflection & closure | Students complete an observable "I can..." check, submit an exit ticket or record one piece of evidence in the portfolio. |

## 3. Differentiation model

| Pathway   | Examples                                                                                                                                  |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Support   | Visuals, word banks, sentence stems, chunked input, slower audio, guided notes, rehearsal time, peer support and reduced output load.     |
| Core      | Independent completion of the expected communicative task using authorised resources and standard time.                                   |
| Extension | Less scaffolding, wider vocabulary, extra constraints, spontaneous follow-up questions, source comparison, mediation or leadership roles. |

## 4. Exit indicators - Level A2

- |                                                                                                         |                                                                                                           |
|---------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------|
| <input type="checkbox"/> I can understand the main point of short clear messages on familiar topics.    | <input type="checkbox"/> I can handle routine travel, shopping and service exchanges.                     |
| <input type="checkbox"/> I can describe routines, places, people and living conditions.                 | <input type="checkbox"/> I can tell a simple past story and describe an experience.                       |
| <input type="checkbox"/> I can make suggestions, give advice and explain basic rules.                   | <input type="checkbox"/> I can talk about plans, arrangements and simple predictions.                     |
| <input type="checkbox"/> I can write connected simple texts such as messages, reviews and descriptions. | <input type="checkbox"/> I can keep a short conversation going by asking or answering relevant questions. |

*A2 principle: practical autonomy - learners should increasingly complete familiar real-world tasks without constant teacher prompting.*
