

ENGLISH LANGUAGE

LEVEL B2

Develop fluent argument, synthesis and flexible interaction

Junior BOOTO WABA

Professeur de Français Langue Étrangère (FLE) et de Français Langue Seconde (FLS)
Spécialiste en prononciation, en lecture et en didactique de la langue française

CEFR-Based English Language Curriculum Designer

Curriculum structure • authentic tasks • projects • differentiation • assessment • portfolio

From coherent communication to analytical, persuasive and increasingly academic English

Framework note: proficiency progression is grounded in the CEFR-level document supplied by the user. English-specific grammar, phonology, lexical sequencing and tasks are a pedagogical adaptation created for English.

Pedagogical vision - Level B2

An upper-intermediate curriculum focused on complex argument, source synthesis, nuanced stance, flexible interaction and natural intelligibility.

1. Exit profile

By the end of B2, the learner can understand the main ideas and significant detail of complex texts and extended speech on concrete and abstract topics; interact with a degree of fluency and spontaneity; produce clear, detailed texts; develop and defend viewpoints with advantages, disadvantages and evidence; and synthesise information from multiple sources.

2. Core competence targets

- Reception: follow extended talks, debates, interviews, films and articles; identify stance, argument structure, relevant detail and implications when language is reasonably clear.
- Production: write essays, reports, syntheses, reviews and detailed descriptions; present arguments methodically and respond to questions with confidence.
- Interaction: manage discussions, negotiate, persuade, challenge politely, make concessions and maintain a position while remaining responsive to others.
- Mediation: synthesise information and arguments from different sources, reformulate complex points and facilitate understanding between viewpoints.
- Language control: use advanced tense/aspect, passive/reporting patterns, conditionals, modal perfects, complex clauses, collocations, phrasal verbs and stance language.

3. Annual progression map

Unit	Theme	Main communicative goal	Signature performance
1	Media, Influence and Public Opinion	Evaluate media messages, identify stance and produce a balanced analytical report.	Create a fact-checked multimedia news analysis.
2	Education, Work and Global Mobility	Discuss complex educational/professional decisions and negotiate solutions.	Run a global careers and education forum.
3	Science, AI and the Environment	Communicate scientific/technological issues clearly to non-specialists.	Deliver a public-facing science or technology briefing.
4	Englishes, Culture and Identity	Understand and use register flexibly while exploring global English-speaking contexts.	Create an "Englishes and Identity" digital exhibition.
5	Argument, Persuasion and Public Debate	Defend a position persuasively while acknowledging alternatives.	Take part in a formal structured debate.
6	Academic Inquiry and Synthesis	Research a question, synthesise sources and present a reasoned conclusion.	Complete the B2 Global Youth Summit dossier.

4. Pedagogical principles

- Action-oriented learning: every language focus is linked to a communicative purpose and a visible performance.
- Integrated skills: listening, reading, spoken interaction, spoken production, writing and mediation are combined rather than taught in isolation.
- Spiral progression: key structures and lexical fields reappear with greater complexity and independence.
- Pronunciation for intelligibility: accuracy is developed through rhythm, stress, connected speech and high-value contrasts, without requiring imitation of one single native accent.
- Evidence-based learning: portfolio artefacts, self-assessment and performance tasks document progress across the level.

Unit 1 - Media, Influence and Public Opinion

Analyse how information is framed and defended

Communicative outcomes	Identify thesis, evidence, framing and bias indicators; compare sources; distinguish certainty from speculation; report claims accurately; present a balanced position.
Grammar & functions	Advanced reported speech; reporting verbs (claim, acknowledge, deny, suggest, warn); passive/reporting structures (is said to...); hedging/boosting; concession clauses.
Vocabulary	News, journalism, sources, credibility, misinformation/disinformation, bias, algorithms, influence, public opinion, evidence and verification.
Pronunciation	Prominence for contrast/correction; discourse intonation to separate source voice from speaker stance; reductions in reporting phrases; pausing in long clauses.
Integrated skills	Compare two or three sources; take selective notes; identify stance; write a 300-word analysis; present findings and answer challenges.

Learning sequence: tasks and classroom activities

- Headline framing comparison.
- Source credibility audit using transparent criteria.
- Hedging scale: possible → probable → highly likely.
- Rewrite claims using neutral reporting verbs.
- Editorial board meeting: decide what can responsibly be published.

Authentic performance task

“Media Under the Microscope”: 4-minute multimedia analysis comparing at least two sources, identifying framing and presenting a justified conclusion.

Differentiation	Implementation
Support	Source-analysis template, reporting-verb bank, guided model, annotated exemplar and optional pre-selected sources.
Expected level	Balanced synthesis with clear attribution, cautious claims and logical organisation.
Extension	Evaluate methodology/evidence quality, identify rhetorical manipulation and answer spontaneous counter-questions.

Evidence of learning

- I can identify stance and argument structure in complex but clear media texts.
- I can compare and synthesise information from several sources.
- I can report claims with appropriate distance and caution.
- I can present a balanced judgement supported by evidence.

Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.

Unit 2 - Education, Work and Global Mobility

Evaluate pathways, skills and professional choices

Communicative outcomes	Evaluate options; discuss transferable skills; negotiate priorities; express hypothetical alternatives and regrets; write formal professional/academic texts.
Grammar & functions	Second/third/mixed conditionals; modal perfects (should have, might have, must have); advanced gerund/infinitive patterns; relative clauses; complex noun phrases.
Vocabulary	Higher education, employability, mobility, qualifications, recruitment, workplace culture, leadership, transferable skills, professional development.
Pronunciation	Stress in complex noun phrases; intonation for negotiation and concession; connected speech in modal perfects; clarity in formal presentations.
Integrated skills	Read reports/course information; evaluate criteria; write formal email/report; conduct panel interview; negotiate a recommendation.

Learning sequence: tasks and classroom activities

- Candidate profile vs programme/job matching.
- "What would you have done?" decision case studies.
- Skills evidence workshop using specific examples.
- Panel interview with rotating evaluators.
- Negotiation task: limited scholarships/training budget.

Authentic performance task

"Global Pathways Forum": formal recommendation report plus panel discussion where students defend, challenge and refine a study/work decision.

Differentiation	Implementation
Support	Decision matrix, professional phrase bank, model report structure and question rehearsal.
Expected level	Sustain a reasoned recommendation and respond flexibly to challenges.
Extension	Address ethical/equity considerations, reformulate another speaker's argument and negotiate a shared final decision.

Evidence of learning

- I can evaluate educational or professional options in detail.
- I can use hypothetical language to discuss alternatives and consequences.
- I can write a clear formal recommendation or report.
- I can negotiate and respond to objections appropriately.

Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.

Unit 3 - Science, AI and the Environment

Explain complex processes and weigh competing evidence

Communicative outcomes	Explain processes; interpret data; compare evidence; discuss uncertainty and ethics; adapt specialist information for a general audience.
Grammar & functions	Passive across tenses; causative have/get; participle clauses; nominalisation; advanced cause/consequence/purpose; probability modals and adverbs.
Vocabulary	Science, research, AI, data, climate, innovation, risk, ethics, sustainability, evidence, trends, probability and impact.
Pronunciation	Chunking dense information; stress for data contrasts; numbers/percentages; controlled pace; intonation to signal certainty vs caution.
Integrated skills	Read infographics/reports; listen to a talk; interpret a graph; write an explanatory report; present complex information accessibly.

Learning sequence: tasks and classroom activities

- Data commentary with trend verbs.
- Nominalisation: turn processes into report-style noun phrases.
- Explain-it-to-a-teen mediation challenge.
- Ethics continuum debate with evidence cards.
- Scientific claim/evidence/reliability sorting.

Authentic performance task

“Public Science Briefing”: 5-minute talk using one data visual, explanation of a complex issue, evidence, limitations and a practical recommendation.

Differentiation	Implementation
Support	Data language bank, guided source pack, presentation template and rehearsal with timing cues.
Expected level	Clear explanation with accurate stance and evidence-based recommendation.
Extension	Compare conflicting studies, qualify claims precisely and handle technical audience questions.

Evidence of learning

- I can explain a complex process in accessible English.
- I can interpret and describe trends in data.
- I can express probability, limitation and uncertainty precisely.
- I can synthesise evidence to support a recommendation.

Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.

Unit 4 - Englishes, Culture and Identity

Explore register, varieties and language choice

Communicative outcomes	Recognise formal/informal register; interpret common idioms/phrasal verbs; compare varieties without stereotyping; adapt language to audience and purpose.
Grammar & functions	Register-sensitive grammar choices; ellipsis in informal speech; phrasal verbs vs Latinate alternatives; cleft sentences for emphasis (intro); anaphoric reference and cohesion.
Vocabulary	Language, identity, migration, culture, dialect/accent, idioms, phrasal verbs, collocations, euphemism, connotation, social context.
Pronunciation	Features of connected speech; linking/assimilation awareness; rhythm differences across speech styles; intelligibility across accent variation.
Integrated skills	Analyse spoken/written register; compare clips/texts; write for two audiences; mediate a culturally specific expression; present an exhibit.

Learning sequence: tasks and classroom activities

- Formal ↔ informal register transformation.
- Phrasal verb / formal equivalent matching in context.
- Accent and identity listening with content-first comprehension.
- Idioms: infer meaning from context, then test appropriateness.
- Same message, two audiences writing challenge.

Authentic performance task

“Englishes and Identity”: digital exhibit combining one language variety/cultural context, register analysis, vocabulary examples and a reflection on intelligibility and identity.

Differentiation	Implementation
Support	Curated clips, glossary, register continuum, model analysis and explicit anti-stereotype discussion norms.
Expected level	Explain register and variety differences accurately and adapt own language appropriately.
Extension	Analyse connotation, code-switching and rhetorical effect; compare three varieties or genres using authentic evidence.

Evidence of learning

- I can recognise important differences between formal and informal English.
- I can use common phrasal verbs, collocations and idiomatic expressions appropriately.
- I can adapt my language to audience and purpose.
- I can understand speakers with a range of reasonably clear English accents.

Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.

Unit 5 - Argument, Persuasion and Public Debate

Build, challenge and refine complex viewpoints

Communicative outcomes	Develop claims; prioritise evidence; refute respectfully; concede strategically; persuade; summarise opposing views; maintain discussion control.
Grammar & functions	Inversion after negative adverbials (intro); cleft sentences; concessive structures (however, nevertheless, much as, despite); advanced modals; conditionals for argument; emphasis devices.
Vocabulary	Argumentation, evidence, counterargument, assumptions, consequences, ethics, policy, feasibility, stakeholders, persuasion and compromise.
Pronunciation	Rhetorical stress; contrastive prominence; turn-holding intonation; strategic pausing; controlled emphasis without over-stressing every content word.
Integrated skills	Analyse argumentative text; prepare evidence; debate; write discursive essay; summarise and respond to counterarguments.

Learning sequence: tasks and classroom activities

- Argument anatomy: claim, warrant, evidence, limitation.
- Steelman task: strengthen the opposing view before replying.
- Concession ladder from partial agreement to rebuttal.
- Timed rebuttal rounds.
- Discursive essay paragraph workshop.

Authentic performance task

“Grand B2 Debate”: prepared opening, evidence-based response, live rebuttal, concession and final synthesis on a contemporary issue.

Differentiation	Implementation
Support	Debate structure cards, evidence packet, sentence stems for concession/refutation and rehearsal in small groups.
Expected level	Sustain a structured argument and respond spontaneously with appropriate discourse management.
Extension	Use rhetorical framing, anticipate objections and mediate a post-debate consensus statement.

Evidence of learning

- I can develop and defend a viewpoint with evidence.
- I can challenge another position politely and specifically.
- I can make concessions without losing my main argument.
- I can organise a discursive essay with clear progression.

Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.

Unit 6 - Academic Inquiry and Synthesis

Move from information collection to informed analysis

Communicative outcomes	Formulate a focused question; select relevant evidence; paraphrase; synthesise multiple sources; write a report/essay; present recommendations and field questions.
Grammar & functions	Advanced cohesion; reference chains; nominalisation review; reporting structures; complex relative/participle clauses; punctuation for longer sentences; hedging and cautious generalisation.
Vocabulary	Research, trends, causes, implications, stakeholders, methodology basics, evaluation, recommendation, synthesis and academic stance.
Pronunciation	Presentation signposting; pausing around complex clauses; stress to distinguish main vs supporting points; question-handling intonation.
Integrated skills	Search within teacher-approved source sets; take notes; paraphrase; compare evidence; write synthesis; deliver a 5-6 minute presentation.

Learning sequence: tasks and classroom activities

- Research question clinic.
- Paraphrase vs patchwriting sorting.
- Source matrix: agreement, difference, evidence, limitation.
- One-minute synthesis challenge.
- Mock Q&A with hostile/neutral/supportive question cards.

Authentic performance task

“Global Youth Summit”: commission dossier synthesising several sources, a resolution with recommendations and a formal presentation followed by questions.

Differentiation	Implementation
Support	Source matrix, paragraph frames, language for synthesis, curated source packs and staged deadlines.
Expected level	Integrate multiple sources into a coherent, appropriately cautious argument.
Extension	Evaluate source methodology, identify gaps and revise the resolution after cross-commission negotiation.

Evidence of learning

- I can formulate and investigate a focused question.
- I can paraphrase and synthesise information from multiple sources.
- I can write a clear report or essay with justified conclusions.
- I can present complex information and answer follow-up questions with confidence.

Suggested resources: learner portfolio; teacher-prepared worksheet; visual/audio prompts; CEFR-aligned coursebook selected by the institution (page references to be mapped locally); age-appropriate dictionary; authentic or semi-authentic media.

Integrative project and assessment

Global Youth Summit

1. Project brief

Students work in thematic commissions - Education, Environment, AI & Technology, Media, Culture or Society - to investigate a contemporary issue, synthesise evidence, negotiate recommendations and defend a formal resolution.

2. Project stages

1. Form commissions and define a focused inquiry question.
2. Analyse a curated set of varied sources and complete a source matrix.
3. Draft a 500-700 word commission report with findings and recommendations.
4. Prepare a formal resolution and anticipate objections.
5. Deliver a 5-6 minute summit presentation and participate in cross-commission questioning.
6. Revise the final resolution after negotiation and complete a B2 self-evaluation.

3. Assessment architecture

Assessment moment	Evidence
Diagnostic	B1 entry task with article/listening summary, opinion paragraph and short discussion to identify fluency, cohesion and language gaps.
Formative	Source notes, synthesis checkpoints, debate feedback, writing conferences, pronunciation coaching, retrieval practice and reflective logs.
Performance	Media analysis, pathways forum, science briefing, cultural exhibition, debate and research presentation.
Summative	Integrated B2 task: extended reading/listening, source-based writing (300-400 words) and 8-10 minute presentation/discussion.
Portfolio	Source matrices, two major revised texts, two speaking recordings, pronunciation reflection, peer feedback and summit dossier.

4. Common performance rubric

Criterion	Observable evidence
Task achievement	Completes the communicative purpose and responds to all essential parts of the task.
Range & accuracy	Uses level-appropriate grammar and vocabulary with errors that do not compromise the intended message.
Coherence	Organises ideas with sequencing and linking appropriate to the level and genre.
Interaction / mediation	Responds, clarifies, reformulates, supports turn-taking and/or relays information appropriately.
Pronunciation / delivery	Speaks intelligibly, using progressively appropriate stress, rhythm and intonation.

Implementation guide

Resources, differentiation, routines and exit indicators

1. Recommended classroom resources

- Learner portfolio: diagnostic sample, drafts, corrected productions, recordings, project evidence and self-assessment.
- Dictionaries: visual/bilingual support at lower levels; increasingly monolingual, collocation and learner dictionaries from B1 upward.
- Coursebook: any institution-approved CEFR-aligned English coursebook; exact page numbers must be mapped after the school selects its edition.
- Worksheets: information gaps, reading/listening organisers, pronunciation grids, peer-feedback checklists, writing frames and reflection sheets.
- Authentic input: menus, maps, notices, websites, podcasts, interviews, short articles, videos and literature adapted to age and level.

2. Lesson routine

Phase	Pedagogical use
Opening	Activate prior knowledge, retrieve previously learned language and connect it explicitly to the lesson purpose.
Input	Notice meaning and form through a short text, audio, image, model dialogue or teacher demonstration.
Guided practice	Rehearse the target language with scaffolds, controlled interaction and pronunciation focus.
Main task	Students use the language to solve a problem, exchange information, create a product or communicate a real message.
Reflection & closure	Students complete an observable "I can..." check, submit an exit ticket or record one piece of evidence in the portfolio.

3. Differentiation model

Pathway	Examples
Support	Visuals, word banks, sentence stems, chunked input, slower audio, guided notes, rehearsal time, peer support and reduced output load.
Core	Independent completion of the expected communicative task using authorised resources and standard time.
Extension	Less scaffolding, wider vocabulary, extra constraints, spontaneous follow-up questions, source comparison, mediation or leadership roles.

4. Exit indicators - Level B2

- | | |
|---|---|
| ☐ I can understand extended clear speech and complex texts on familiar or general-interest topics. | ☐ I can identify viewpoints, arguments and relevant detail in articles, talks and debates. |
| ☐ I can write clear, detailed essays, reports, reviews and syntheses. | ☐ I can develop a viewpoint with evidence, advantages, disadvantages and concessions. |
| ☐ I can interact fluently enough to sustain discussion, negotiation and disagreement. | ☐ I can synthesise information and arguments from more than one source. |
| ☐ I can adapt register and language choices to audience and purpose. | ☐ I can use pronunciation, rhythm and intonation clearly and naturally enough for confident communication. |

B2 principle: analytical flexibility - learners should be able to move between understanding, evaluating, synthesising and defending ideas with increasing spontaneity.
